Mill Road History Society Street Directory Project

In 2026 the Mill Road History Society and the Museum of Cambridge started a project to scan the street directories for Cambridgeshire and make them freely available to all. This book is part of that project.

If you find any pages missing or unreadable then please email directories@millroadhistory.org.uk and we will correct the problem if we can.

Scanned with the CZUR ET24 Book Scanner.

Patent Pockets fitted in all Garments.

THE only pocket in the world which will not sag is the Bartell Patent Pocket. The reason it always remains true and neat, preserving the symmetrical appearance of the coat front, is that there is an *inner pleat* which takes all the strain. You may fill your pocket with heavy articles, but you cannot make the Bartell Pocket sag. Try one in your next coat. *There is no extra charge.*

PREFACE.

7 September, 1912.

The Second Annual Issue of my Directory for Cambridge is larger than any of its predecessors; but the aspirations of many years have been realised, and it is hoped that the Directory for Greater Cambridge may adequately meet the requirements of the enlarged Borough.

A map taken, by permission of H.M. Board of Works, from the Ordnance Survey, and showing the five new wards as well as the ten old ones, is a special feature in the present edition, and it is one which ought to be particularly useful at the present time.

It is to be hoped that before the next Street and General Directory of Cambridge is issued the Town may be numbered amongst the County Boroughs of England—a position to which its population and importance undoubtedly entitle it.

Again the Publisher tenders his thanks to Subscribers and Advertisers for their continued support.

CAMBRIDGE.

THE first meeting of the newly-constituted and enlarged Council of the Borough was held on April 1st, 1912, when the Mayor (Mr. Alderman Campkin, J.P.) gave the new representatives a cordial welcome. An Alderman was elected for each of the five added wards, and the order of retirement for both the new Aldermen and new Councillors was decided upon. The election of five Councillors to the positions of Aldermen necessarily caused vacancies in the five added Wards, and elections to these took place shortly afterwards.

The completed Council met on April 18th, 1912, and amongst other important business adopted a report of the General Purposes Committee, in which they recommended :—

1. That application be made to the Local Government Board for a Provisional Order to constitute the Borough into a County Borough ;
2. That the Corporate Seal be affixed to the Representation to the Local Government Board, and to any other necessary documents ;
3. That it be referred to the General Purposes Committee to take such steps as may be necessary to give effect to the foregoing resolutions, including the retaining of counsel, parliamentary agents and witnesses, so far as they may deem it necessary.

Messrs. Aldermen Bester, Cook and Peart were added to the General Purposes Committee for the purpose of assisting to carry out the above resolution.

Thus the enlarged Council at its first meeting confirmed the policy which had led to an extension of the boundaries of the Borough, the principal object of which was never concealed, viz. : to place the town in a position which would justify it in asking to be constituted a County Borough. The General Purposes Committee approved a Petition for this on the 30th July, and it was presented to the Local Government Board on the following day. An enquiry will be held by the Local Government Board in due course, and it is generally thought that the claim of the Borough will be irresistible.

The County (even without the Borough) will still be an important area, and both in population and rateable value will be considerably larger than its neighbours—the Isle of Ely, Huntingdon, Rutland, Peterborough, and others.

The unification of the collection of the General District Rates with those collected under the heading of Poor Rate has been decided upon, and commenced during the past year with good promise of success, and although it was at first rather startling to many ratepayers to receive one demand note for the two rates, and for six months instead of three months, it soon became apparent that the new system of collection involved no extra payment, and that it would eventually save a considerable amount of trouble to large ratepayers, without inflicting injustice or additional inconvenience upon those who were liable for small amounts.

The provision of dwellings for the working classes, recreation grounds for children, additions to the Infectious Diseases Hospital, and many other schemes for protecting and improving the public health may increase the hitherto unusually low rates paid in Cambridge ; but let us hope that the general result will benefit the community even more than low rates, and that a well-governed up-to-date town Cambridge will offer attractions which will materially enhance its prosperity.

CHESHUNT COLLEGE.

The College was founded in 1768 by Selina, Countess of Huntingdon, to train men
 for the Ministry of the Protestant Evangelical Churches. It was removed to Cheshunt
 in 1792 and remained there until 1905, becoming a Divinity School of the University
 of London. Under a new Scheme of Government drawn up by the Board of Education
 it migrated to Cambridge, 1905, in order that its students might become members
 of the University and have the benefit of the University teaching here. Its Governing
 Body is representative of many interests, and the Students have free choice as to the
 Churches in which they shall serve after leaving the College. There are at present
 21 students in residence.

Dated June 23rd, 1911.

"A Dainty Display.

A feature of the exhibit which the Chiswick Polish Company have erected at the Crystal Palace is the excellent display of footgear which the company are making to demonstrate the advantage of using their specialities. The various specimens are tastefully arranged in glass cases on either side of the entrance to the "House of Commons." They comprise an extensive collection of hunting, racing, and polo boots, walking boots and shoes in various styles, and also a smart pair of officer's dress Wellingtons, all of which have been specially made by the well-known firm of FRANK DALTON and Co., of Cambridge and Empire House, Piccadilly, W. Better examples of British Craftsmanship it would be impossible to see, and it is clear that no expense has been spared by the company to obtain the very finest goods whereon to display their wares. Messrs. DALTON cater largely for University wearers, and have only departed from their customary methods at the express wish of the proprietors of "Cherry Blossom." Some of the latest additions to the display have been submitted to us for inspection, and it is only doing them justice to say that they embody the finest material and workmanship the most exacting wearer could desire. The Chiswick Polish Company have shown even more than their customary enterprise in obtaining for the purpose of their display at the Festival of Empire footgear of such a distinctive character."
